

*"Caring for Our Community by Partnering with YOU!"*

**2018-2019 ANNUAL REPORT**

# Why I believe in United Way

Helping people achieve real change takes all of us working together to move the needle on chronic problems affecting our community. To change the future of children in poverty, we must impact issues causing that poverty AND provide opportunities and hope.

While we surround our children with mentors and tutors, provide backpacks, food and safe alternatives to being home alone, we must also give them peace of mind by helping the entire family with affordable housing, education, job training, healthcare, and emergency services.

It takes all of these services, working together, to move people from dependence to independence. That is why I believe in United Way. It is our shared resources. Our time, talents, services, and our combined donations - of every size - that are helping 1 of 4 people right here in Smith County every year.

Thank you for caring for our neighbors. Thank you for giving of your time and your talents. Thank you for being part of our local United Way.

United We Fight! United We Win!

Nan Moore  
President and CEO  
United Way of Smith County
